About this report

The University of Michigan School of Information (UMSI) Career Development Office surveys our graduates to identify their post-graduation plans and outcomes. This report summarizes UMSI first-destination outcomes from 2020 MHI graduates who completed the survey by the deadline or for whom a known outcome was reported in other ways. Of the MHI students who graduated in 2020, 90% responded to the survey or reported their outcomes in other ways.

COVID-19 impact on hiring and job market

COVID-19 impacted the hiring and job market across many industries this year. It is important to note the impact on UMSI students' job search process this year.

3% report still searching due to COVID-19 impact on hiring in industry of choice.

While 97% of MHI grads were successful obtaining jobs or continuing education in their field of choice during a global pandemic, 70% of respondents indicated that COVID-19 impacted their job search in the following ways: delayed start date, delay/freeze in hiring, fewer jobs available, longer search process.
